SENATOR SYAS: Oh! I just now have had an amendment brought to me and Senator Lewis hasn't had a chance to see it, and if he wants it, he will introduce it, but due to his absence, I went ahead and I have talked to the Attorney General. He says we could do it this way but I think we should defer this until I am able to get this thing settled and give it to Senator Lewis so he can choose whether to introduce it or not. So I would say for the time being. He isn't here today, is he? Well, wait until he gets back in. I have got the amendment in the rough and it looked to me like there was one still little error in it so as soon as I get it back I will give it to Senator Lewis and he can take it from there. I only did this because Senator Lewis was ill so I knew we had to..somebody had to go ahead so I elected myself but it is really his bill. So I think it should be held until I can give it to Senator Lewis.

PRESIDENT: Senator Barnett.

SENATOR BARNETT: Could I ask unanimous consent to pass over LB 666 for at least 30 minutes until Senator Lewis has got an opportunity to look at that.

PRESIDENT: All right. Mr. Clerk, we will proceed to General File, and at a convenient time, we will return then to Select File for this purpose. Under the North balcony are five very nice young girls. Three of them Orval Keyes claims are his daughters and the other two are his neighbors. That is the finest thing I have ever heard of of Orval Keyes. We go to LB 434.

CLERK: LB 434. Mr. President, it is a bill introduced by the committee on Agriculture and Environment. Read title. The bill was first considered on April 10th, 1975. It was considered again April 22nd, 1975. It was considered again February 6, 1976. There are committee amendments offered by Senator Schmit's Agriculture Committee which have not been adopted. There are amendments to the Committee amendments, Mr. President. The first one was offered by Senator Fowler. Read amendment. See page 1239, Sixtieth Day, First Session, Journal. Yes, it does appear to apply to the Committee amendment.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Mr. President, I have no objection to the amendment and I would support it. I want to just report that the Congress has considered legislation which is almost identical to this and I think it would be companion legislation and I would support the Fowler amendment.

PRESIDENT: Senator Fowler, do you wish to address yourself to this amendment? It is to LB 434.

SENATOR FOWLER: All right. Senator Schmit, I think, indicated back on the amendment. I would move for its adoption.
